1. Introduction:

The meeting of the Project Approval Board was held on 22.03.2023 through Video Conference under the chairmanship of Secretary (SE&L) for considering the Annual Work Plan and Budget (AWP&B) 2023-24 for SAMAGRA SHIKSHA for the State of Mizoram. The list of participants who attended the meeting is at *Annexure-I*

Section: I - State specific initiatives, Review of Performance & Issues

Smt .LS Changsan, Additional Secretary, welcomed the Secretary DoSEL and Mizoram team to the meeting. Shri Sanjay Kumar, Secretary (SE&L) invited Mizoram to give a presentation on School Education in the State. Dr. Lalzirmawia Chhange, Secretary, School Education gave a presentation which included the following major points:

1.1 Early Childhood Care Education (ECCE): The Early Childhood Care Education (ECCE) was started in Mizoram in the year 2020. All teachers are qualified to deliver quality ECCE as per National Curriculum Framework (NCF)/State Curriculum Framework (SCF). ECCE curriculum has been revised and prepared in Mizo language. SCERT prepared an online course on ECCE for Anganwadi workers.

1.2 Pre - Primary Teachers' Handbook: Since NEP 2020 has given priority to pre-school, proper mapping has been done during November 2022 to January, 2023. Mapping of Preschool and co-location of primary schools with existing Anganwadi centers is done and state will prepare a systematic plan in this regards. Co-located Anganwadis with the Govt. Primary schools are given same treatment under school readiness programme with same materials developed by SCERT. NCF have been received and training of Primary Teachers is being initiated.

1.3 Child Friendly Furniture: All pre-primary classrooms across the regions of Mizoram were provided with BALA Features and Outdoor Play Materials. Child Friendly Furniture, BALA Features and Outdoor Play Materials are provided to 384 ECCE Centers.

1.4 Leveraging Technology- High Quality device for enhancing FLN: All schools with pre-primary sections have been provided with High quality and diversified Student and Teacher Resources/Learning Materials are made available for a joyful learning environment. Teachers utilize this device for enhancing FLN at the classrooms. This device helps in achieving Development of a robust technology enabled Monitoring Mechanism (New) to track the progress of each child in achieving learning outcomes.

1.5 Teacher capacity building: The teachers were used with new ideas, approach, schemes and methods being introduced continuously, it is inevitable for teachers to feel a bit overwhelmed. The need for capacity building is never ending. Teachers require to be their best to provide the best for their learners.

1.6 Implementation of NIPUN Bharat: It is an outcome-based Competency Enriched programme which has been implemented in the State for the Age group of 3 to 9 years. Under the programme, all the planning is done with a monkey bar, sports and physical related equipments,

basketball net, stationery- Crayons, Stencils, Craft scissors for teacher, beads with thread, puzzles etc. The NIPUN Bharat pledge has been translated and renamed to Zo-NIPUN pledge. The pledge has also been displayed in all primary schools in the form of sunboard posters.

1.7 VIDYA SAMIKSHA KENDRA (VSK):- As per NCERT request, domain (www.vskmizoram.com) for launching VSK starter pack including 1 year SSL Certificate for the domain is acquired. VSK Starter package was demonstrated and handed over to Samagra Shiksha, Mizoram during a meeting held by CIET, NCERT on 17th February, 2023. VSK is composed of three major components and with the **Software** component now in place, implementation of the other two: **Physical Infrastructure** and **Human Resource** are in progress.

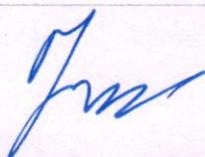

1.8 National Achievement Survey (NAS): The pattern of question and the technicality of NAS, so that the teacher and the students could be prepared for the next NAS to be held in the near future. State level will be initiated at School level, and all systems adopted in the NAS will be practiced. This formal assessment will provide a systematic way of evaluation by testing the understanding level of each child and his/her progress. This will bring development in the quality of teaching learning process.

2. Review of Commitments and Expected Outcomes & Action Taken during 2022-23

The progress made in implementing the commitments and expected outcomes given by the State in 2022-23 was reviewed and the status in respect of pending items is as under:-

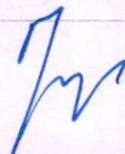

Sl No	Appraisal Issues	State's comments	Comments of the PAB 2022-23
1	The state has made commitment to review the state policy of keeping primary, middle and secondary and higher secondary schools as separate school but there is no progress shown by the state in this regard.	Composite school structure was implemented in the state long back before more than two decades ago, but was not successful due to the fact that the state has a hilly topographical nature; land availability has often become a problem to have sufficient space for composite school. Thus, the state has a policy to establish primary, upper primary and secondary schools as separate entities with separate management structures.	State has been directed to take necessary action.

Sl No	Appraisal Issues	State's comments	Comments of the PAB 2022-23
2	<p>It is found that the upgraded schools under Samagra Shiksha is being established and run outside the premises of existing middle schools and secondary schools and separate UDISE code is being provided to the upgraded secondary and higher secondary schools.</p>	<p>As stated above, upgraded schools under Samagra Shiksha are also established outside the premises of existing schools due to the following reasons:</p> <ol style="list-style-type: none"> 1. Limitation of space: Due to hilly topographical nature of the state, the existing upper primary/secondary schools do not have sufficient space for construction of buildings for upgradation within the school premises. 2. Sparse Population: The state is sparsely populated, enrolment in most of the upper primary/ secondary schools are very less. If one particular upper primary/ secondary school is upgraded, it would be difficult for other schools in the catchment area to approach the school. Rather, the state while proposing the new/upgraded schools, often consider appropriate location for the new school in order to cater to the needs of the catchment area and the feeder upper primary/ secondary schools so that there will not be any distance problem for those feeder schools within the catchment area. 3. State Policy: Due to the above said reasons, the state has a policy to establish primary, upper primary and secondary schools as separate entities with separate management structures. Thus, it is not feasible to locate new schools under Samagra Shiksha within the compound of existing upper primary/secondary schools. 	<p>State has been directed to take necessary action.</p>
3	<p>Vacancy in SCERT: Vacancy of academic positions in SCERT is 24.4% with only 34 faculties in position as against a total sanctioned post of 45, as per scheme. These vacant posts need to be filled up on priority as it is also directly impacting</p>	<p>Proposal for filling up of the posts was submitted and is under consideration.</p>	<p>State is requested to ensure existing vacancies in SCERT are filled up on priority.</p>

6	Zero Enrolment Schools: During the year 2020-21, there were 10 Primary schools and 6 Upper Primary schools with zero enrolment. Measures may be taken so that children enrol in these schools. Source: UDISE+ 2019-20 & 2020-21 (Provisional)/ Mizoram MOE PPT (2022-23)	The issue on zero enrolment schools has been placed before the state EC meeting, after hearing a record from the concerned districts; it is learnt that most of the schools are located in the deserted habitations. To have an intensive knowledge about the individual school, the existing number of population and children remain in these habitations are being thoroughly surveyed at present in order to have an informed decision making.	State has been directed to take necessary action in this regard.																											
7	Annual Average Drop-out Rate: In Aspirational district Mamit, the drop-out rate is more than 48% at Secondary level. Boys 51.4, Girls 45.5	With the assistance of Aspirational district funds from CSR and other sources, full efforts have been given for improvement in school education sector in Mamit district, the dropout rate has gone now as given below: <table border="1" style="margin: 10px auto;"> <thead> <tr> <th colspan="4">Dropout Rate 2021</th> </tr> <tr> <th rowspan="2">District</th> <th colspan="3">HS</th> </tr> <tr> <th>Boys</th> <th>Girls</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>Mamit</td> <td>6.45</td> <td>19.24</td> <td>13.17</td> </tr> </tbody> </table> <p style="text-align: center;"><i>Source: UDISE+2021-22</i></p>	Dropout Rate 2021				District	HS			Boys	Girls	Total	Mamit	6.45	19.24	13.17	The state needs to put an emphasis on lowering the high dropout rate, particularly at the secondary and senior secondary levels, with a unique action plan at the secondary level.

9	Surplus Teachers at Elementary level: There are 5205 surplus teachers at Elementary level, 6.4% Upper Primary Schools/ Section having 3 subject teachers as per RTE Norms	The reason for surplus teacher at the elementary level is due to the fact that in Mizoram the traditional practice of separate classroom for each class and separate teacher for each classroom is still followed till today. Meantime, less number of subject teachers in UPS as mentioned is due to wrong entry in UDISE. Teachers in UPS are not recruited in subject wise	State is requested to prioritize rationalization of teachers.

		teachers previously though they have taught their own specialised subject in schools. Only teachers recruited after implementation of RTE Act 2009 have filled up themselves under subject teachers in UDISE. However, it does not mean that there are shortages of subject teachers in UPS in reality.	
10	Subject PTR at Secondary level: Despite comfortable subject PTR, only 59.6% secondary schools have teachers for all core subjects. Source: UDISE+ 2020-21 (Provisional)/ Mizoram MOE PPT (2022-23)	The state has recently accorded recruitment of 50 teachers which will be completed in a short period of time, this will help in availability of core subject teachers in secondary level to some extent. In addition, recruitment of teachers to fill up all vacant posts is also submitted to the state government which is an active consideration of the government now.	State is to ensure availability of required number of subject teachers at the secondary level.
11	Implementation of Section 12: State is yet to identify private schools which have received land, grants or any other support from Govt. at any point of time. Hence, it is requested to ensure that such private schools which are under obligation to provide free education to children of disadvantaged groups and weaker sections are nor reimbursed as per provision to section 12(2) of RTE Act, 2009.	Gross Access Ratio in Mizoram is 97.99% in primary stage and 95.30% in upper primary stage, almost all habitations are served with PS and UPS. Besides all the elementary schools in Mizoram are using same TLM and textbooks. In such situation, the state has no obligation to admit children from any section of society to the extent of at least 25% of the strength of class I. Meantime, no private schools in the state does not receive any kind of such assistance from the government as well.	State has not yet implemented Section 12 (1)(c). State has been directed to take necessary action.
12	Infrastructure in Government schools i.e. number of schools without infrastructure facilities: No drinking water in 289 schools, no boys toilets in 123 schools, no girls toilets in 179 schools, no ramps in 990 schools, no electricity in 488 schools, no	With the assistance of additional PAB funds on 'Rejuvenation of Basic Infrastructure and Overall cleanliness of Government School' all these gaps shall be filled up in the near future.	State needs to take adequate measures on priority basis to reduce the infrastructure gaps specially on drinking water, boys & girls toilet, library and ramps in the schools.

	playground in 441 schools and no library in 756 schools.		
13	Out of schools children: Rate of mainstreaming of children in age appropriate classes is very low. State is required to ensure that remaining children are mainstreamed and their updated data is uploaded on PRABANDH portal. State has not covered any drop out of secondary level.	The outbreak of Covid 19 pandemic and its imposed lockdown has affected progress in mainstreaming of OoSC during the last two previous years as online teaching conducted wherever possible has not much result as expected in the case of OoSC. However, full efforts have been given in this regard, rate of mainstreaming have been increased during current academic session.	Mainstreaming of Out of School Children is not yet completed. State has been requested to ensure that this activity is completed on an urgent basis.
14	Vacant posts (elementary and secondary): State vacancies in 2573 elementary schools and no vacancies under Samagra Shiksha, similarly State vacancies in 494 secondary schools. State has to fill the vacancies at the earliest.	Vacancy of teachers in this statement is worked out from the wrong teacher related information submitted during appraisal of the AWP&B 2021-22. Accordingly, with the permission of the Govt. of India, the table was revised and the vacancies were worked out as 329 in elementary level and 294 in secondary level. In order to fill up these posts, state has recently accorded recruitment of 50 teachers at the secondary level which will be completed in a short period of time. In addition, recruitment of teachers to fill up all vacant posts is also submitted to the state government which is an active consideration of the government now.	Noted, The state is requested to make sure that the hiring process should be finished as soon as possible.
15	Vacant post (Teacher Education): 11 Posts are vacant in SCERT and 78 posts are vacant in DIET.	Proposal for filling up of the posts was submitted and is under consideration.	State needs to ensure that the process of recruitment should be completed at the earliest.

State was requested to examine its score in each domain and take measures to improve its overall PGI score.

- a) **Learning Outcomes and Quality (C-1, D-1):** State has displayed stagnancy in terms of improvement in this sector and thus it needs to work on providing interventions to improve the learning outcomes of the students.
- b) **Access Outcomes (C-1, D-2):** State needs to focus on the Adjusted Net Enrolment Rate (ANER) at Secondary level and State should adopt an appropriate planning strategy for conduction of surveys to identify children who are Out of School and have returned due to reverse migration and other reasons.
- c) **Infrastructure & Facilities (C-1, D-3):** State has shown substantial progress under this domain. But state was encouraged to further take measures, with specific focus on ramps with handrails, toilets, drinking water facilities and library.
- d) **Equity Outcomes (C-1, D-4):** State has shown substantial improvement under this over the years with increase in the gross enrolment ratio of CwSN and % of entitled CwSN receiving aids and appliances.
- e) **Governance Processes (C-2, D-1):** There has been apparent decrease in the points under this heading thus the State needs to focus on % of teachers provided with sanctioned number of days of training in the given financial year; % of govt. head-teachers/principals who have completed School Leadership (SL) training in the given financial year; Funds (including value of goods and services in kind) arranged through PPP, CSR as a percentage of State budget; % of Schools at Elementary level Covered Under Twinning/ Partnership.

- **Gross Enrolment Ratio (GER):** GER has improved at Primary, Upper Primary, Elementary, Secondary and Higher Secondary level from year 2020-21 to 2021-22. State would need to focus on maintaining the GER at these levels by bringing back children to the age appropriate classes.
- **High Dropout Rate:** As per UDISE+, the dropout rate at primary level is very high. Again, the dropout rate at upper primary & secondary level has increased and requires continuous effort to maintain low dropout rate. State needs to continue taking adequate measures at all levels to reduce the dropout rate and improve the retention rate.
- **Surplus Teachers at Elementary level:** There are still 5234 Surplus Teachers at Elementary Level, while the number of single teacher schools has slightly increased at the primary level. The number of schools with zero enrolment is also quite high at the primary and upper primary level. State needs to go for a rationalization of teachers, to ensure availability of required number of teachers in all schools.
- **Infrastructure facilities at school level:** There are 6.2% & 8.1% schools without boys and girls toilet respectively. Also, there are 10.5% of schools without drinking water facilities, 39.8% of schools without ramp and 29.9% of schools without library facilities. State needs to take adequate measures on priority basis to reduce the infrastructure gaps in the schools.
- **Teacher vacancy at Elementary level:** There are 402 vacant posts of teachers in Govt. Elementary schools, though the overall vacancy position has decreased by 25.56% in 2023-24. State still needs to fill up these vacant positions on priority.
- **Teacher vacancy at Secondary level:** There are 311 vacant posts of teachers in Govt. Secondary schools, though the overall vacancy position has decreased by 10.64% in 2023-24. State still needs to fill up these vacant positions on priority.
- **Implementation of Section 12:** State has not yet started admission under Section 12(2) of the RTE Act 2009.
- **Gross Access Ratio (GAR):** The Gross Access Ratio for Higher Secondary level is 47.87% which is notably low. Secretary SE&L, has advised the state to explore the probable options on how the GAR of higher secondary level can be improved.

- **Inclusive Education:** Out of a total number of 309904 students, the number of Children with Disability (CwD) is 3976 i.e., less than 2%. Further, out of a total number of 3911 schools, schools, the total number of schools with ramps is 1732 i.e., 44% and of these the number of schools with disabled friendly toilets is 521 with boys toilet (13%) and girls 425 (11%). State is requested to take concerted efforts to ensure timely identification for wider coverage and provision of requisite interventions and infrastructure facilities.
- **Teacher Education Institutes (TEIs):** 2 New DIETs in Hnahthial and Khawzawl districts have been approved to the state of Mizoram. Also Rs. 862.00 lakh approved for the construction of these 2 new DIET buildings. (Rs. 437. 00 lakh for Hnahthial district DIET building and Rs. 425.00 lakh for Khawzawl district DIET building)

Section: II- Financial Estimation

5. Total Estimated Budget (2023-24)

The estimates for the AWP&B for 2023-24 under Elementary, Teacher Education and Secondary are as under:

(Rs. in lakh)

Head	Spill over	Non-Recurring (Fresh)	Recurring *(Fresh)	Total Fresh	Reimburse ment of Previous Year (2022-23) Against Recurring Activities	Grand Total (Including Spill-Over)
1	2	3	4	5=3+4	6	7=2+5+6
Elementary	8,330.11	2,602.46	15,515.55	18,118.01	3557.78	30005.90
Secondary	7,458.15	5,938.69	6,641.69	12,580.38	1694.65	21733.18
Teacher Education	301.78	1,982.00	1,735.35	3,717.35	313.99	4333.12
Total	16,090.04	10,523.15	23,892.59	34,415.74	5566.42	56072.20

*Includes Programme Management (MMMER)

6. Actual Releases by GOI during 2023-24

Against the above estimates, Central Government shall provide to the State Government, Rs. 34,428.64 lakh as its share (Rs. 20,739.72 lakh for elementary, Rs. 10,744.34 lakh for secondary & senior secondary and Rs. 2,944.58 lakh for Teacher Education). The State would contribute Rs. 3,825.40 lakh as its State share matching the above Central share as per the existing fund sharing pattern of Samagra Shiksha. Mizoram will also be able to utilise their unspent balances as on 31st March, 2023 for the activities approved in 2022-23 including spill over.

Based on the demand of funds projected for 2023-24, the tentative share of recurring and non-recurring grants is given below:

(Rs. In lakh)

Component	Elementary Education	Secondary Education	Teacher Education	Total
Recurring	14,838.65	7,502.71	1,844.41	24,185.77
Non-recurring	5,901.07	3,241.63	1,100.17	10,242.87
Total	20,739.72	10,744.34	2,944.58	34,428.64

* Rs. 5009.76 Lakh included of reimbursement of previous year recurring amount.

Against the estimates of reimbursement proposal of previous year (2022-23) for recurring activities, funds will be reimbursed subject to the following conditions.

- Certificate/ undertaking from the state that all expenditure has been incurred under the recurring heads and payment made in the previous year (2022-23)
- There is no unspent balance in laying with SNA related of previous year of recurring activities.
- All the expenditure has incurred in the previous year (2022-23) as per Samagra Shiksha guideline and PAB Minutes 2022-23.
- UC & Audited Annual Accounts of expenditure report FY 2022-23
- There is no diversion of funds from non-recurring to recurring and vice versa.
- Approval from the competent authority /Secretary DoSEL, MoE

The Balance of the outlay (i.e. Rs. 16,090.04 lakh) approved under Non-recurring components in previous years which is not spent fully, is the outlay saved/spill over for the subsequent year (i.e. 2023-24). Against the above Spill over, the committed liability of Department of SE&L is Rs. 12,654.62 lakh (Rs. 8,945.76 lakh for Elementary, Rs. 3659.04 lakh for Secondary and 49.82 lakh for Teacher Education) keeping in view the total approvals and grants already released.

Non-recurring grant will be released against the committed liabilities and the fresh approvals subject to the production of required documents by State/UTs and physical and financial progress of these interventions under the non-recurring head.

As per Section 7(5) of the RTE Act, 2009, the State Government shall after taking into consideration the sum provided by the Central Government above and the mandatory matching State share, provide the balance funds necessary to fulfil the estimate for the implementation of the Act. The interventions under the Samagra Shiksha comprise of activities pertaining to Elementary, Secondary and Teacher Education respectively and there is a single Budget for Samagra Shiksha in the Demand for Grants (BE) 2023-24. The release of funds would be from a single Budget Head only. However, for purposes of ascertaining the quantum of funds going to each component, the

Sub-Heads for Elementary (including Teacher Education) and Secondary Education has been classified separately.

The State should invariably provide Single Budget Head during 2023-24 and the nomenclature should be Samagra Shiksha. Since Samagra Shiksha would be catering to various activities relating to RTE entitlements and all other Elementary interventions as well as Teacher Training and activities for BRCs and CRCs which forms the portion of Teacher Education activities as well as for Secondary Education, the States shall also provide a suitable Nomenclature with Sub-Heads to identify the disbursement of funds separately under all components of Samagra Shiksha. Fund flow to SCERTs, DIETs etc. will be through State Nodal Account of State Implementing Society only.

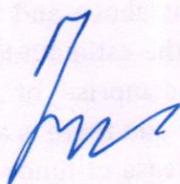

7. Spill Over

An outlay of **Rs. 16,090.04 lakh** as Spill over under various activities falling under Elementary Education, Secondary Education and Teacher Education was estimated with the condition that all pending activities should be completed during this year 2023-24. The detail is enclosed at ***Annexure II.***

8. Costing Sheet

The consolidated item-wise estimate for 2023-24 is at ***Annexure III.*** The State must bifurcate the annexed costing sheet among all the Districts according to their proposals/approvals and capture the district wise expenditure against the budget allotted, on the PRABANDH portal on a monthly basis for the real time monitoring of each activity/component approved under Samagra Shiksha. Also, State needs to ensure that timely implementation of the various interventions as per the annual calendar of activities submitted.

The meeting ended with a vote of thanks to the Chair.
